

SRT DC

Rethinking efficiency –
use renewable energy directly

- ✓ Optimized for 700 V DC – high safety and maximum system flexibility
- ✓ Seamlessly integrable into DC systems thanks to a 700 V sensor-ready DC driver
- ✓ Extremely efficient: up to 202 lm/W with a 100,000 h lifetime (L90B10)
- ✓ System energy savings of up to 15%
- ✓ Reduced installation effort thanks to 5-core wiring
- ✓ Significantly lower copper requirements compared to conventional systems
- ✓ Considerably longer trunking system runs possible with a single power feed
- ✓ Future-proof: compatible with DALI, sensors, and emergency lighting systems
- ✓ Reliably planned: 10-year warranty
